

The School Inclusion Project – Membership Request

The School Inclusion Project ('SIP') is a forum coordinated by Garden Court Chambers in partnership with the Communities Empowerment Network, Just for Kids Law and the Law Centres Network. SIP aims to bring together lawyers, advisers and campaigners with expertise in the field of school exclusions and related issues, to address systemic discrimination in the education system.

SIP's goals are to:

1. Facilitate referrals for legal representation in school exclusion hearings and related legal proceedings;
2. share knowledge and best practice; and
3. identify and address systemic issues

Most of SIP's communications will be by email (via GoogleGroup), with quarterly meetings for SIP members to discuss topical issues. SIP is only open to individuals and organisations that support children who have been excluded and/or discriminated against in school. Any individual who represents schools, local authorities or similar organisations should not be a member of SIP.

Please see the group's email protocol [here](#) and Garden Court's privacy policy [here](#).

To become a member of SIP (including being added to the Googlegroup), please fill in the relevant details below.

I, _____ (Name of Member), of _____ (Name of organisation) consent to joining SIP and agree to adhere to the email protocol. I consent to Garden Court retaining this information for the purpose of managing my SIP membership. I consent that I have read Garden Court's privacy policy and understand how Garden Court use and protect the information sent in the group.
